War in the living room  
We swore we weren't like that  
Once we went down that road  
there's no turning back  
Anger and jealousy  
and distorted fact  
Left this pale shadow of  
a life we once had  
How could you love and then  
change just like that?  
You give your whole heart away  
then take it all back

This is the end of the line tonight  
We can't defend what we know ain't right  
It's over, it's over, it's over  
This love we should let die  
This is the end of the line

Broken down promises  
linger on in my head  
The scars and the blemishes  
that time could not mend  
But how can you live losing  
all we once had?  
Come on now, little girl  
It ain't quite that bad

This is the end the line tonight  
We can't defend  
what we know ain't right  
It's over, it's over, it's over  
This love we should let die  
This is the end of the line  
Nothing but love  
gets you so hypnotized  
Nothing but love  
brings them tears to your eyes  
Nothing but love  
takes away all your pride  
Nothing but love

eats you away inside

This is the end of the line tonight  
We can't defend  
what we know ain't right  
Two worlds amend, oh ya  
and two worlds collide  
It's over, it's over, it's over  
This love we should let die  
It's been coming here for some time  
So goodnight and goodbye

This is the end  
This is the end  
This is the end of the line
