Celebrating childhood dreaming  
Taking in these waterfalls  
Before the world got so deceiving  
Before you thought you knew it all  
The beauty of this scene was hidden  
By every year gone by  
And now you're thinking the forbidden  
When you can't even cry  
At least there's hope  
Hope, until there's nowhere left to go  
Hope, until there's nowhere left to go, no

Here you are, on a brick wall, shrinking  
Drowning mist as the world walks by  
A full moon over red lights sinking  
To the clouds of a rusty sky  
No more neurotic vision, it makes no sense at all  
All you are is another victim  
Jumping in these waterfalls  
And there's no hope  
Hope, until there's nowhere left to go  
Hope, and now there's no time left to  
Even let go  
Can't even let go  
Can't even let go  
Can't even let go  
Oh, until there's nowhere left to go  
One day, everything lets you know  
It leaves you naked and exposed  
Ah yeah

And the fact that the sun's gonna rise  
And the world's gonna spin  
Only makes it worse  
Hope, until theres nowhere left to go  
Hope, until theres no time left to  
Even let go  
Can't even let go  
Can't even let go  
Can't even let go  
Hope, until theres nowhere left to go

Hope, until theres nowhere left to go  
Hope, now there's nowhere left to go
