[Chorus]

Baby I love you and I'll never let you go
But if I have to boy I think that you should know
All the love we made can never be erased
And I promise you that you will never be replaced
Baby I love you and I'll never let you go
But if I have to boy I think that you should know
The love we made can never be erased
And I promise you that you will never be replaced

I love you yes I do
I'll be with you as long as you want me to
Until the end of time

From the day I met you
I knew we'd be together
And now I know I wanna be with you forever
I wanna marry you and I wanna have your kids
Thinking never compare to the feeling of your kisses

I can say I'm truly happy to this day
You make me thank God that I live my life every day
There's never been a doubt in my mind that I'd regret
Ever having you by my side.

But if the day comes that I have to let you go
I think there's something I should probably let you
know,
Enjoyed everyday that I spent with you and
I won't miss you cause I'm happy that I had
You at all.

[Chorus]

Baby I love you and I'll never let you go
But if I have to boy I think that you should know
All the love we made can never be erased
And I promise you that you will never be replaced
Baby I love you and I'll never let you go
But if I have to boy I think that you should know
The love we made can never be erased
And I promise you that you will never be replaced

I love you yes I do
I'll be with you as long as you want me too
Until the end of time
