Is it me or my imagination  
I feel uneasy with this crazy situation  
And nobody knows where its leading to next  
All we can do is hope for the best  
These kinds of things only happen in the movies  
It's all fools gold all your diamonds and your rubies  
There's no more books so lets write a new story  
Of passion and joy and looking for glory

Chorus: Everywhere that you go  
I'm coming too  
Anywhere that you lead  
I'll follow you  
Gotta feeling we  
That we're gonna be alright  
I know that it will

Anything that you want  
I'll see it through  
Anyplace that you've seen  
I'll see be there too  
Gotta feeling we  
That we're gonna be alright  
Alright

We've been full circle we've gone round and round  
The twists and turns all the ups and downs  
We can get what we want if we just understand  
Everything we do is in our own hands  
Gotta get ahead and find a new solution  
Work together that's our resolution  
Gotta be one voice that's on the attack  
We gotta go forward never look back

Chorus: Everywhere that you go  
I'm coming too  
Anywhere that you lead  
I'll follow you  
Gotta feeling we  
That we're gonna be alright  
I know that it will
