You lift me up you bring me down
I twist and turn you spin me round
Oh-oh, you got me

You take me high when I am low
You give me space and room to grow
Oh-oh, you got me

I can't stop
thinking about you
The things you say
The things that you do
As long as I live
I'll be there for you
I've no doubt
Cos our love is true

You hold me near when I'm away
And every night and every day
Oh-oh, I want you

Without you there
the sun don't shine
the stars don't glow and nothing rhymes
Oh-oh, I want you

I can't stop
thinking about you
The things you say
the things that you do
As long as I live
I'll be there for you
I've no doubt
cos our love is true
x2

You give me a reason to survive
You wake me up I feel alive
Oh-oh you got me

I can't sit still can't concentrate

I need you so, I just can't wait
Oh-oh you got me

I can't stop
thinking about you
The things you say
the things that you do
As long as I live
I'll be there for you
I've no doubt
cos our love is true
x3

I can't stop
thinking about you
The things you say
the things that you do
