I got this feeling that I can't explain  
Outside myself, inside I'm the same  
It's all a drag, lifes re-arranged  
I'm just hanging out

I don't know why I feel this way  
All mixed up nothing to say  
I guess I might find that one day  
I stop fooling around

I really don't want to go  
I really don't want to stay

(Chorus)

~

My head is spinnin' round and around  
Underground now  
Singin' to the sound that I've found  
That I've found now  
My head is spinnin' round and around  
And I'm down now  
Sinin' to the sound that I've found  
In this town now

~

Don't want your help or sympathy  
I'm not the person I used to be  
Times have changed now I'm on my own  
Can't you see I'm checking out

I don't like the way you criticise  
Don't need you as a friend of mine  
I'm not caught up in you uncertainty  
I'm glad you're gone, now I can be me

I really don't want to go  
I really don't want to stay

(Chorus)
