[Hook- Eminem]

wheres my gangstas and all my thugs  
Throw them hands up and show us some love and ill  
Welcome them to Detroit City  
I said welcome to Detroit City  
Every place everywhere we go  
Man we deep everywhere we roll  
Ask around and they all know Tricky  
That's whats good man they all say Tricky

[Verse 1- Eminem]

Click click boom, just as soon as we hit the room  
You can hear 'em holla Goon Squad in this bitch  
Let me hear you holla Good Squad in this bitch  
Let me hear you holla Runyon Ave. in this bitch  
So who am I gonna call on when I ain't got them boys  
with me  
And the situation gets a little sticky  
I'ma dial 911 like a mufuckin' punk, fuck that, bla bla  
I'ma call that rude boi from Detroit Trick Trick  
Quick come pick me up, bring them guns  
Come to the club, meet me out front  
There's some chump up in this bitch  
Poppin' some junk cause he's drunk  
And we may have to fuck his ass up  
Cause uh somethin' smells a lil fishy  
And I don't like the way his boys keep lookin' at me  
So homie come get me, Chedda boys what up though I  
see you  
Rock Bottom, yea I see you, all my Detroit people  
Where you at man, let me see them hands in the sky  
Detroit mufuckas till we die

[Hook- Eminem]

with my gangstas and all my thugs  
Throw them hands up and show us some love and ill  
Welcome them to Detroit City  
I said welcome to Detroit City  
Every place, everywhere we go  
Man we deep everywhere we roll  
Ask around and they all know Tricky

That's whats good man they all say Tricky

[Verse 2- Trick Trick]

Homie its been a long time comin' and I'm straight with that

Marshall call me 50 phones and laced the track

This the beat you hear it bangin', he produced it himself

My bad almost forgot to introduce myself

My name is Trick Trick, head of the Good Squad

And gangsta, been bangin' the underground since 95 were bangin

Elected to be the villain, and certified a menace

Holdin' it down since I paroled, up outta prison

You heard about me, you just didn't know it was me

All the treacherousy, received by the beat yeah that was me

Pickin' that kid up in the game, I just wasn't chasin' the fame

I been chasin' the paper product and givin' lames the pain

Accusations of ..?.. you know you done heard of that

A quarter of a million dollars for beatin' a murder rap

And my boy holdin' me up, Shady done put it out

Trick Trick and Eminem, Detroit back and up

[Hook- Eminem]

With my gangstas and all my thugs

Throw them hands up and show some love and ill

Welcome them to Detroit City

I said welcome to Detroit City

Every place everywhere we go

Man we deep everywhere we roll

Ask around and they all know Tricky

That's whats good man they all say Tricky

[Verse 3- Trick Trick]

Ayo Em, you ever need one of these weapons come get it

From now on every beef that you get in homie I'm in it

I been ridin' for this city, from the low to right

I been whippin' on mothafuckas for the longest time

So its evident, its time for Trick to get it fast

The publicity they ain't appreciate my criminal past

Authorities tried to stop me but they couldn't get far

Got a fanbase thats bigger than an average star

I'm satisfied with it bein' my time to shine

And I freak from the precinct for violent crimes

I ain't sayin' the shit that I'm sayin' so girls can feel me

Only speakin' on what I know so the world can hear me

So peace to Jimmy and Dre for signin' my nigga

He reached back to Detroit and grabbed a winner  
So the gangstas and thugs, we embrace the love  
And beat the hell outta anyone that fucks with us

[Hook- Eminem]

With my gangstas and all my thugs  
Throw them hands up and show us some love and ill  
Welcome them to Detroit City  
I said welcome to Detroit City  
Every place everywhere we go  
Man we deep everywhere we roll  
Ask around and they all know Tricky  
That's what's good man they all say Tricky

[Outro- Trick Trick]

Yeah  
Trick Trick  
Eminem  
Wonder boy  
Shady  
It's goin down baby  
Ayo Em  
I got your back my nigga  
Damn right I said my nigga  
That's my nigga  
Tricky
