Do you feel like running away?  
Do you need a place to go to?  
Where your thoughts are kept  
To yourself and the environment  
Is what you and I make of it

All my paranoia and fears are gone  
I'm feeling safe, I can do anything  
I sit at home and problems wash away  
Yet I realize that I'm running afraid (afraid)

Another silly daydream  
Just another fucked up dream  
Yeah, yeah  
Another silly daydream  
Just another fucked up dream

Just give me a little time  
Patience is what I need  
With strength I overcome all the predicaments  
And shape my own destiny

All my paranoia and fears are gone  
I'm feeling safe, I can do anything  
I sit at home and problems wash away  
Yet I realize that I'm running afraid (afraid)

Another silly daydream  
Just another fucked up dream  
Yeah, yeah  
Another silly daydream  
Just another fucked up dream  
Just another fucked up dream  
Just another fucked up dream  
Just another fucked up dream

Comfort I get from friends (comfort I get from friends)  
Answers I receive from experiences  
And whenever I want to runaway  
I'm destined to daydream again  
Let go of my fears and pains

Oh, yeah, fears and pains

Another silly daydream  
Just another fucked up dream  
Yeah, yeah  
Another silly daydream  
Just another fucked up dream
