Living our lives day to day
No plans for the future
It's too much to even ask from us
So they say that we have no motivation
No inspiration to do the things we don't want to do
To do the things we want to do

I try to live my life to the fullest
I try to be the best person I can be
I want to be a part of something
Something that is true and right

Who knows if we'll come around
And think the same as the rest of them
I don't want to be a number
I'm a human being

I just want to be on my way
Achieving all of my dreams
Then maybe I'll feel comfort
And not confusion about the place we live in

Don't push your hand down on me
I am a free man
I am a human being
Don't push your hand down on me
I am a free man
I am a human being

Don't push your hand down on me (x3)
I am a human being

Don't push your hand down on me (x3)

Don't push your hand down on me
(Don't push your hand down on me)
I am a free man
(Don't push your hand down on me)
I am a human being

Don't push your hand down on me

(Don't push your hand down on me)

I am a free man

I am a human being

I am a human being (x2)
