Everybody let me tell you about my love  
Brought to you by an angel from above  
Fully quipped with a life time guarantee  
Once you try it I am sure you'll see

Without love there's no reason to live  
Without you what would I do with the love I give  
All my loving to you I'll be giving  
And I promise this I'll do as long as I'm living

I'm thinking of you and the things you do to me  
That makes me love now I'm living in ecstasy  
Hey it's you and the things you do to me  
That makes me love you now I'm living in ecstasy

I'm thinking of you...  
Hey it's you...

All the time he makes me glad that I'm alive  
Together we will survive  
What do you think brought the sun out today  
It's love baby love oh how can I say

Without love there's no reason to live  
Without you what would I do with the love I give  
All my loving to you I'll be giving  
And I promise this I'll do as long as I'm living

I'm thinking of you...  
Hey it's you...

I can't live without you tell me what you wanna do  
Here comes the D on the menu  
L.O.V.E. love coming straight from the heart  
Stucked from the day we started  
My fire taking me higher hard to admit but you're my  
desire  
She's the girl making me feel brand new  
I can't live without you

Without love there's no reason to live

Without you what would I do with the love I give  
All my loving to you I'll be giving  
And I promise this I'll do as long as I'm living
