Hey you Are you needing to be taken on Hey you I got an offer that You can't refuse Step this way There's a game you'll learn to play You're gonna be lose But you'll love it that way Let's negotiate A special rate Pleasure we deliver And we won't be late [chorus] We got love 4 sale We got everybody's number Love 4 sale And we'll boogie tonight We got time to kill And we might as well get busy Bump and grinding Making it right?? Love, love, love, love 4 sale Love, love, love, love 4 sale Hey you We're gonna make it back for more Hey you On you knees hit the floor Shed your skin Let the games begin Your naughty little secret Will be our little sin [repeat chorus] Let's negotiate A special rate Pleasure we deliver And we won't be late [repeat chorus]
