You are so captivating You are the one I'm craving
Girl I got a sweet tooth From being sweet on you
All day I'm going crazy Thinking about you baby
Got an appetite Only you can satisfy [01] Can't wait till
tonight To turn down the lights ?? cause you got me on
fire You're all that I desire I can't resist
Your strawberry lips You got me feeling naughty
You got me craving for your body [chorus] You're my favorite flavor
Can't wait to taste you later
Girl you taste so sweet Sweet enough to eat
You're my favorite flavor Can't wait to taste you later
My sugar coated treat Baby you're so tasty to me
Baby you got me open For you love and I'm hoping
We can get it on right On and on all right
Yeah you know how to please me ?? cause you're so smooth
and creamy Girl you fill my cup I can't get enough
[repeat 01] [repeat chorus] Can't wait no longer for your kisses
Can't wait to turn you on Ain't had my daily does of sugar
Nothing else will do All I want is you [chorus]
