Another story bout a boy and a girl
growing up in different worlds
but if i could i wouldn't change you
I may be crazy or i may be cursed
another chapter another verse
If you turn the page i wouldn't blame you.

But every word is true.

I'm gonna give you, give you a storybook
give you, give you a story book ending
but you've gotta trust me.
give you, give you a story book ending
but you've gotta trust me.

A blank novel but i see the plot
well I'm the author and your all I've got
I found you in the words i wrote down
when all the characters have said goodbye
I'll be the one standing by your side
so let me write forever with you.

But every word is true.

I'm gonna give you, give you a storybook
give you, give you a storybook ending
but you've gotta trust me.
give you, give you a storybook ending
but you've gotta trust me.

I don't care what you think you said
some things are better left unread
I don't care what you think i said
I'm being real
I don't care what you think i said
some things are better left unread
I don't care what you think i said
I'm being real.

I'm gonna give you, give you a storybook
give you, give you a storybook ending

but you've gotta trust me.

I'm gonna give you, give you a storybook
give you, give you a storybook ending
but you've gotta trust me.

give you, give you a storybook
give you, give you a storybook ending
but you've gotta trust me!

Yeah.. yeah, you've gotta trust me!
you've gotta trust me!
