Hide behind our words
Trying to hurt us
We don't want to see
In what we don't believe

(X2)
Try to touch reality
And try to feel the earth
We are these poisoned souls
Don't understand
(X2)

We were like feathers in the wind
Trying to become eternal
But there is nothing
We can reach for
Forget what once was

There was no excuses

(X2)
Try to touch reality
And try to feel the earth
We are these poisoned souls
Don't understand
(X2)

Hide behind our words
Trying to hurt us
We don't want to see
In what we don't believe
We were like feathers in the wind

(X2)
Try to touch reality
And try to feel the earth
We are these poisoned souls
Don't understand
(X2)
