Kreischende, Stimmen  
Schmerzen deine Worte sind  
Der Blick, verhallt  
Kein Licht in deine Seele dringt

You only think black or white  
You don't realize my soul this night  
Your heart is cold like a stone on ice  
Please touch my soul one time

Arme und Beine, von Tod erfällt  
Der Blick, verhallt  
Kein Licht in deine Seele dringt

(X2)  
You only think black or white  
You don't realize my soul this night  
Your heart is cold like a stone on ice  
Please touch my soul one time  
(X2)
