Title: I need you

I came home the other night
Much to your surprise
The blinds were down, the lights were dim
Love was in your eyes

Table lit by candle light
A record playing low
And from the room I heard a voice
A voice I didn't know
Say 'I need you
I need you'

Can you imagine how I felt?
To know like someone else
Making love to you in there
Should have been myself

I couldn't speak
I couldn't cry
My heart was filled with pain
And as I turned to walk away I heard his voice again

Say 'I need you
I need you'

I felt so sad I had to take a walk outside
To find out what went wrong and if I really tried
To love you girl
And be there when you needed me in spite of what
you'd done
I love you hopelessly

You've got such a pretty face
That's why you appeal to him
But he don't know you like I do
'Cause you say everything
You say that you love me
Now just look at what you've done

'Cause you've got one more in your arms
Another on the run

'Cause I need you
I need you
I need you
I need you
I need you
I need you
