"Crowd Control"

Silence lives in the aching of my bones
A solemn friend but he's not alone
I got no time to listen to you
Running is over, running is dead
I just wanted to save the day
But all these fucking people get in my way
My blood shot eyes can't look away
Running is over, running is dead

Crowd control
No one will ever know
Live in lies and breed with eyes
That just wait now

Oh me, oh my, my friends
I've said too much I've met my end
But I'd do it all over, do it again
Running is over, running is dead

Crowd control
No one will ever know
Live in lies and breed with eyes
That just wait now

Control, you can't control me
Control, I have all the answers
Control, you can't control me
Control, I have all the answers for you

Sucked down
Sucked down
Sucked down
