"Lost At Sea"

Adrift, now here I am, in blank submission
Now I can't find a direction
Trust, a failed attempt to a connection
A broken heart my affliction
I bled for you selflessly
Your arrogance couldn't see
The friend that I was, and that I am
The friend that I will never be again

Once you trust, there's no turning back
I count my friends from the scars on my back
And it escapes my mind
But I'm so damn happy you could waste my time

Now I can see forever

I, the one that sat alone
Betrayed by friends I called my own
Stared into the setting sun
Lost at sea the only one
I, the one that sat alone
Betrayed by friends I called my own
Stared into the setting sun
Lost at sea I'm finally numb

And now you'll find a way to justify it
Or at best you'll just deny it
Love, it means to you a forged emotion
A weak attempt at devotion
I bled for you selflessly
Your arrogance couldn't see
The friend that I was, and that I am
The friend that I will never be again

Once you trust, there's no turning back
I count my friends from the scars on my back
And it escapes my mind
But I'm so damn happy you could waste my time

Now I can see forever

I, the one that sat alone
Betrayed by friends I called my own
Stared into the setting sun
Lost at sea the only one
I, the one that sat alone
Betrayed by friends I called my own
Stared into the setting sun
Lost at sea I'm finally numb
