Woah oh oh woah oh oh oh
Woah oh oh woah oh oh oh

Hey gravity
I got something to ask you
Why'd you let me crash like that
Free-fall without a parachute

Hey sympathy
Please give me a break now
Don't let me down this way
I know I made mistakes
Just give me one more chance

Woah oh oh, she's so beautiful
Everything about her is making me blue
Woah oh oh oh, would someone like her ever be
With someone like me

Woah oh oh, I want you to know
I'll be right here waiting when she's ready to go
Someday, someday, she's gonna be
With someone like me, someone like me

Hey bravery
Could you get my back now
I'm gonna make her notice me
But I'll probably screw it up somehow

Hey apathy
Get off of my couch now
I'm gonna get it right, look her in the eyes
And tell her that we're meant to be

Woah oh oh, she's so beautiful
Everything about her is making me blue
Woah oh oh oh, would someone like her ever be
With someone like me

Woah oh oh, I want you to know
I'll be right here waiting when she's ready to go

Someday, someday, she's gonna be
With someone like me

Someone to share your fantasy
Someone who knows just what she needs
And that someone's gonna be me
Gonna be me (me me)
Gonna be me (me me)
Gonna be me (me me)

Woah oh oh, she's so beautiful
Everything about her is making me blue
Woah oh oh oh, would someone like her ever be
With someone like me

Woah oh oh, I want you to know
I'll be right here waiting when she's ready to go
Someday, someday, she's gonna be
With someone like me

Woah oh oh, she's so beautiful
Everything about her is making me blue
Woah oh oh oh, would someone like her ever be
With someone like me

Woah oh oh, I want you to know
I'll be right here waiting when she's ready to go
Someday, someday, she's gonna be
With someone like me
