Awake in silence
So sterilize
I know it's far too soon to say good bye
But I will not worry now
No one could tear you down
Inside myself I found that you're the reason why

(Chorus)

What I wanted to confide
You're the dream that I've been chasing after
Your memory could never die

The path we walk you carved in stone
To you this life I owe

This place can keep you
But you carry on
I know it's different now that you are gone
But I will not worry now
No one could tear you down
Inside myself I found that you're the reason why

(Chorus)
