Love and life travel to the ground
Don't you feel a little better now
Now I'm tired and a little scared a little under prepared
But we're already there

All I know, if they're right
We're all fucked in the afterlife
All I know, if they're right
We're all fucked in the afterlife

Don't save my soul
I'm not afraid

Here we are and I accept my fate
Knowing very well that it's too late
'Cause I'm shot, I'm outta luck
Between the drugs that I've done and the girls that I
fuck

All I know, if they're right
We're all fucked in the afterlife
All I know, if they're right
We're all fucked in the afterlife

Don't save my soul
I'm not afraid

Now does your god watch over you
Now does your god watch over you
Now does your god watch over you
With vengeful eyes

Fucked in the afterlife

Fear controls everything they do
Now that they can't take it out on you
Why fight when no one believes
Why follow when nobody leads
That's all they need

All I know, if they're right
We're all fucked in the afterlife

All I know, if they're right
We're all fucked in the afterlife

Don't save my soul
I'm not afraid
