I tried so hard (Repeat)

Am I the one who can't let go,  
Shackled here to my reasons  
If this is left undone I cannot grow,  
I've come so far from believing  
In what I know

Don't try forever, just let go  
Let's die together, on our own  
Don't try forever, just let go  
Let's die together

What ya got ya fuck  
What ya got ya fuck  
Well you got nothing  
Everything, everything I did not say  
Pick up the pieces of me,  
I don't want to let these thoughts keep eating me away

I can't stand these people who know everything,  
They tell me what to believe in  
Down I go no control  
Fighting all I know,  
This place I've come too on my own

Don't try forever, just let go  
Let's die together, on our own  
Don't try forever, just let go  
Let's die together

My sweet demise, this twisted game, a million times  
One and the same, one and the same  
My sweet demise, this twisted game, a million times  
One and the same

Shackled too close, cannot let go  
No one will know, taken below  
Let's go

I tried so hard (Repeat)

Don't try forever, just let go,  
Let's die together, on our own  
Don't try forever, just let go,  
Let's die together

What ya got ya fuck  
What ya got ya fuck  
Well you got nothing  
Everything, everything I did not say  
Pick up the pieces of me,  
I don't want to let these thoughts keep eating me away
