She wore a wedding dress to the funeral
She said the dead don't rest for the beautiful
And as she pulls her groom out from the ground
They give him one last kiss before they lay him down

She wore a wedding dress to the funeral
She said the dead don't reast for the beautiful
And as she pulls her groom out from the ground
They give him one last kiss before they lay him down

We cannot lack conviction
Our fame of mind was lived not lost
This dream is nearly over
But the end is where we meet and wait for the dream
again

Back in there losing grownd
Where were you. not around
I know it's not a simple day. a simple life i'll live

She wore her wedding dress to the funeral
She said the dead don't rest for the besutiful
As she pulled her groom out from the ground
She gives him one last kiss before they lay him down
We'll never know the meaning
Our eyes can't look beyond our own fate
But the meaning isn't purpose
And now it's you that begs for the life
You were willing to waste

Back in there losing ground
Where were you. not around
I know it' not a simple day. a simple life to live

She wore a wedding dress to the funeral
She said the dead don' rest for the beautiful
As she pulled her groom out from the ground
She gives him one last kiss before they lay him down

One last kiss
One more fuck
One last kiss

One more fuck

And now i must confess it's irrational
That the dead don't rest for the beautiful
As she pulled her groom out from the ground
She gives him one last kiss before they lay him down
