Just dive in let the good times roll,  
Nothing feels better then letting go,  
Just dive in,  
You know it feels good when you dive in,

You see a new day,  
But you cant get out of bed,  
Your heading nowhere,  
Got nowhere to put your head,

And everythings spinning,  
It's like you're not living,  
Can't even face the dawn,  
But the sky's not that grey,  
Gotta get up and play,  
The game is on,

Just dive in let the good times roll,  
Nothing feels better than letting go,  
Just dive in,  
You'll find it feels good when you dive in,  
Free your mind let the whole world know,  
Turn it up louder and take control,  
Yeah dive in,  
You know it feels good so go on and dive in,

You've got the power,  
You've got the whole world upside down,  
Hey this is your hour,  
You gotta lift off from the ground,

If you wanna go flyin' then there's no denyin',  
What you've been searchin' for,  
I've been up through the clouds,  
And you're not comin' down,  
It's time to soar

Just dive in let the good times roll,  
Nothing feels better then go,  
Just dive in,  
You'll find it feels good when you dive in,

Free your mind let the whole world know,  
Turn it up louder and take control,  
Yeah dive in,  
You know it feels good so go on and dive in,

Come on in,  
Oh yeah the waters fine,  
Wash away,  
All the troubles on your mind,  
Feel your skin,  
Take a breath and come to life,  
Set it free,  
Lay it down,  
Let it out,

oh, doo doo doo doo doo yeah,

If you always play it safe, and you always think twice,  
And look both ways when roll the dice,  
Just dive in,  
You know it feels good when you dive in,

I know that you can do it if you just believe,  
Nothing ventured, nothing gained, what's it gonna be,  
Just dive in, you know it feels good when you dive in

Just dive in let the good times roll,  
Nothing feels better then letting go,  
Just dive in,  
You'll find it feels good when you dive in,  
Free your mind let the whole world know,  
Turn it up louder and take control,  
Yeah dive in,  
You know it feels good, so go on and dive in,

If you alway play safe, and you always think twice  
And look both ways when roll the dice,  
Just dive in,  
You'll find it feels good when you dive in

I know that you can do it if you just believe,  
Nothing ventured, nothing gained, what's it gonna be
