I see you alone
Singing to yourself
Why don't you
Come over
And we will sort this out
And Forever I doubt

So babe
Soon you will see
That only god can judge me
Oh babe
Soon you will see that
We were meant to be
So let me
Come into your world of
Misery

Babe, I can see your
Problems.
Please don't hide
Them from me
If we want to be
Forever
We need to work together

So babe
Soon you will see
That only god can judge me
Oh babe
Soon you will see that
We were meant to be
So let me
Come into your world of
Misery

After all we have been through
After all the nights
You just through me out
And turn off the light!
No second thought
U just look away

And scream
Goodnight.
