"When You Hear The Silence"

In my dreams
I still hear you breathin' it seems so real
My soul
Cant let go
Of this fantasy

When you hear the silence
Calling out from nowhere
For you
Like a silent thunder
Tearing down the clear blue sky
And you feel the fire burning
Through your sensless body
And you know your love is drowning
In the sea of time

Hail with tears
Every time I see that you're not here
I cry
Out for you
Endlessly

When you hear the silence
Calling out from nowhere
For you
Like a silent thunder
Wailing from a clear blue sky
And the emptiness inside your heart is filled with
sorrow
And you know your love is dying in the strongest tide

When you here the silence
Calling out from nowhere
For you
Like a silent thunder
Tearing down the clear blue sky
And you feel the fire burning
Through your senseless body
And you know your love is drowning
In the sea of time
