I guess you could say  
that I need her  
I'm doing everything  
just to please her  
I'm taking her clothes  
to the cleaners  
and her friends and family's as well  
and her friends and family's as well

Lets go!

I'm looking for my girl  
have you seen her?  
He said yeah, yeah,  
but I don't want to tell you  
I think she's outside  
in the bathtub  
with two other naked guys  
or was it three other naked guys?

And I think it's time to run  
but then we jump into your bed  
and the time will pass with nothing said  
there's no jealousy and there's no fear  
just excitement at the two bodies near  
and the comfort of each other's smell  
why it keeps working I could never really tell

It's just a feeling  
that must be shared  
That must be shared  
That must be shared

Come on  
Come on  
Come on

And I think its time to break up  
but then we jump into your bed  
and the time will pass with nothing said  
there's no jealousy and there's no fear

just excitement at the two bodies near  
and the comfort of each other's smell  
why it keeps working I could never really tell

It's just a feeling that must be shared  
That must be shared  
That must be shared

Yeah, it must be shared  
It must be shared
