"oh boy you think you're ready for it?"  
Damn girl Can I get it get it

Im like a loaded gun  
i got my target in sight  
im gonna get one off and have some fun tonight

times a wasting  
your hesitating  
a fight is in the air

He said she said take it in real slow  
but i know you go where ever you want to go

so hands up,  
your not leaving  
hands up,  
cause i got that feeling,  
hands up,  
your the one that we've been searching for

is there anyone out there  
is there anyone out there who we are  
can i get it get it. take the word and spread it

uh huh

tell your friends and tell your enemies!  
cos they go their suits and we got our blue jeans  
cause they know we do what ever we want to do!

so hands up,  
your not leaving,  
hands up  
cause i got that feeling,  
hands up,  
cause your the one that we've been searching for

is there anyone out there  
if it is there anyone out there who we are  
can i get it get it go take the word and spread it

uh huh

am i out of my head, when you say we just don't like  
you  
can i get it  
your gonna get it your gonna get it.  
its gonna take you away

waiting for more to come because the night had just  
begun  
She says "oh boy you think you're ready for it?"  
Damn girl hold steady for it  
"oh boy you think you're ready for it?"  
Damn girl hold steady for it cause here I come

is there anyone out there  
is there anyone out there who we are  
can i get it get it go take the word and spread it

your gonna get it your gonna get it.  
its gonna take you away
