So What you asking that for  
When you already know the answer,  
And what you going on like that for  
You know that's not the answer

I Suggest you stop take time  
To think about what ya done  
Then you'll realize when I see you  
Why I blank you and carry on

So what's this all about now  
Cause none of us know the answer  
And what we gonna do about this now  
Now your question is my answer

I Suggest you stop take time  
To think about what ya done  
Then you'll realize when I see you  
Why I blank you and carry on

I had to carry on

May I Suggest you stop take time  
To think about what ya done  
Then you'll realize when I see you  
Why I blank you and carry on

I had to carry on, I had to carry on, I had to carry on  
I had to carry on, I had to carry on

In the dark to how I feel is where you'll stay  
In the dark to how I feel is where you'll stay  
In the dark to how I feel is where you'll stay  
In the dark to how I feel

So what you still going on for  
Cause I wont go back on my answer  
And what you bringing that back up for  
You always were a chancer

I Suggest you stop take time

To think about what ya done  
Then you'll realize when I see you  
Why I blank you and carry on

I had to carry on, I had to carry on, I had to carry on  
I had to carry on, I had to carry on

In the dark to how I feel is where you'll stay.
