There's a girl in the crowd
And she's bawling her eyes out
Only girl in the town
With her fingers in eyelids

And we're all fine in the back of your mind
If we do what we like
Then we could be with you tonight
And if we bleed you dry
And we're all right in the back of our minds
If we do what we like
Then we could be with you tonight
And if they bleed you dry
Taken half the tide
And taken all your tide
And if we bleed you dry
Bleed, you dry
We've taken half your tide
And if we bleed you dry

You are the bearer of a womb without love
You could have had it all
Is that what you said?
Is that what you said on a low ride?
You said, 'in your hands you'll stay all with me today'

There's a hand in the till
Still believing what she sells
Only girl in the town
With her fingers in eyelids
And we're all fine in the back of your mind
If we do what you like
Then we could be with you tonight
And if they bleed you dry
And taken half the tide
And taken all your tide

You are the bearer of a womb without love
You could have had it all
Is that what you said?
Is that what you said on a low ride?

You said, 'in your hands you'll stay all with me today'

Bleed you dry
I'm taking half your tide
And if I bleed you dry
