Comments and memories attachee
And when there's no one there
But their legs are open
And I'm blind

So why can't you come around
And why can't you watch the ground

And your green eyes turn to blue
And you're always, you're always
Fishing for the truth

So why can't you come around
And like a cheating dream
And when the door's left open
My words fall flat
I'm holding the other now
And don't let the lights run down

And your green eyes turn to blue
And you're always, you're always
Fishing for the truth

And your green eyes turn to blue,
You're always, you're always
Fishing for the truth
And you're fishing for the truth

So why can't you come around
And you're always, you're always
So why can't you come around
And why can't you watch the ground
I'm holding the other now
And you're always, you're always
Your green eyes turn to blue
Your green eyes turn to blue
And you're always, you're always
And you're always, you're always
Your green eyes turn to blue
Your green eyes turn to blue

And you're always, and you're always
Your green eyes turn to blue
Your green eyes turn to blue

And you're always, you're always
And you're always, and you're always
Your green eyes turn to blue
Your green eyes turn to blue
