Got your hair all done up  
Like a woman again  
Got a feeling of gaze  
At the doorway again

I feel alone for you  
I feel alive with you  
I feel a sin fading  
Celebrate, celebrate

Going to play my favourite song  
Going to play it all night long  
Going to feel a sense of falling  
Going to hush my heart so holy

I feel alive with you  
I feel alone for you  
I feel a sin fading  
Celebrate, celebrate  
Celebrate, celebrate  
Celebrate, celebrate
