"On the Corner"

From the field
The border
Gomorraah
On the corner

Lick your lips
Desire
The liar
Becomes divider

All rise with me
All take your place
All rise with me
All take your place

Spread your legs
Insert your alibi
A handsome man he was
The situation turned

You screwed yourself
And let somebody else
Bust down, take your place
And kiss your dirty face

All ride with me
All take your place
I'll ride alone
I'll take your place

Come taste the body, come on
Come waste the body, come on
They found the body turned on
Blood ties the body to the son

All rise with me
All take your place
All rise with me
I'll take your place
I'll take your place

You screwed yourself
And let somebody else
Bust down, take your place
And kiss your dirty face

All rise
All rise
All rise
