What makes you think you're the one  
Who can laugh without crying?  
What makes you think you're the one  
Who can live without dying?

Every little bit is there to see  
Every little bit of you and me

What makes you think I'm the one  
Who'll be there when you're calling?  
What makes you think I'm the one  
Who will catch you when you're falling?

Every little bit of you and me  
Every little bit is there to see

What makes you think I'm the one  
Who will love you forever?  
Everything you do has been done  
And this won't last forever

Every little bit is there to see  
Every little bit of you and me
