Gimme a token, I wanna get open  
Pour me a Coke and rum and then some  
I ain't joking, I need to get open  
So I'm-a need more than just one

I've just begun  
I feel the buzz and rush, man  
And I got the touch like

I'm super, never blooper  
Blunder, rough like thunder  
Got the hunger, I feel the hunger  
All I wants is get up under

And you surrender, love me tender  
Won't ever leave me drunk and lonely  
So take my keys and drop me home  
And work me to the bom bom bom

Hey, yo, D (what up, dude)  
Let me get open on this groove  
'Cause I be the lifted one  
Gifted one with the gifted tongue  
Enlisted on this

A groove that'll make you fly  
A groove that'll get you high  
A groove that'll make you  
Weak in the knees like a forty uncer  
Say, ai, ai, ai, ai

'Cause drinking sure will incite you  
Really light you up, give a crazy rush  
So do what you came to do (what's that)

(Drunk) I like to dance when I'm  
(Drunk) yes, I romance when I'm  
(Drunk) I like to dance when I'm  
(Drunk, don't play the punk)

(Drunk) I like to dance when I'm  
(Drunk) yes, I romance when I'm

(Drunk) I like to dance when I'm  
(Drunk, don't play the punk)

Oh, baby, oh, baby  
Oh, baby, oh, baby...

Gotta, gotta, gotta...  
Gotta have you, have you...

Let me drink my drink and get funky  
Till you speak, speak if you want me  
Catch me by the bar getting numbers  
Off some honeys hotter than summer

Honeys hot enough that they sizzle  
Making jimmy harder than missiles  
Making jimmy wanna go bang  
Baby, shake that thang

'Cause you can't do  
What I can do for you  
So get on the floor  
'Cause I won't bore you

Pass a drink and let my  
Rock sink inside the mass  
Just shake your ass  
Pump your fist like this  
And if you're hip  
Well, then raise your glasses  
Come on

(Drunk) I like to dance when I'm  
(Drunk) yes, I romance when I'm  
(Drunk) I like to dance when I'm  
(Drunk, don't play the punk)

(Drunk) I like to dance when I'm  
(Drunk) yes, I romance when I'm  
(Drunk) I like to dance when I'm  
(Drunk, don't play the punk)
