You can't say I didn't give you my all
(?) just to watch us fall
Now I'm moving, moving on today
Don't need someone to help me escape
From the (?) I can't seem to wake
I can take me, take me away
Take me away

Just breath tonight
Now that i can fly
I'm going up, up, up
I'm not coming down, down, down
I feel alive

I was lost I
You could say I was weak
In the locked room
No one hears me scream
Suffocating from your hands on my face

Now I know what mistakes in the past
Take for granted, time to pass so fast
Now I found me, found me here in this place

I may have lost my way but now that I am found
There is no limit I can't reach I've left the ground

Just breath tonight
Now that i can fly
I'm going up, up, up
I'm not coming down, down, down
I feel alive

Just breath tonight
Now that i can fly
I'm going up, up, up
I'm not coming down, down, down
I feel alive
