"High Speed Chase"

Smoking tires at a hundred forty miles
Adrenaline is running through my veins
My hands are glued to the steering wheel
Yeah, I'm getting rid of my chains

I'm on the run, 'cause I broke all the rules
Law enforcement chasing my tail
The road is mine, so get out of my way
Put the pedal to the metal no I won't go to jail

Highway patrol is trying to smash my car
Don't lose control, the border can't be far

Yeah, I'm in a high speed chase
Above the law, I'll make my way
I'm in a high speed chase
Road domination, yeah I will get away

On the road the wheels are spinning fast
My sixty nine charger burns into the night
Got my booze and a full tank of gas
Yeah, they have me in their sight

I made it through the maze of cars
The motor roaring to the sound of the beat
The PIT manoeuvres and the metal spikes
The chopper-cameras follow at high speed

Yeah, I'm in a high speed chase
Above the law, I'll make my way
I'm in a high speed chase
Road domination, yeah I will get away
