[ 'Sharay Jones' ]  
Welcome funk fans to Hot Spot  
I'm Sharay Jones  
And I find myself back in South Acres with Mr. Scarface  
Looking for 'The Groove'

[ VERSE 1: 2 Low ]  
I say one for the boogie, two for the show  
Take a look and whaddaya know, it's 2 Low  
Or should I say the funky lil bro, I'm back with the flow  
Another style from the kid to let you bustas know  
(Know what?) That I gets busy, it makes em go crazy  
With a pack of Hennessy, the funky lil baby  
And I be jammin like an old school vet  
I be workin up a sweat, havin fun as I earn my check  
So check it out as I come to groove with ya  
Chillin out in the studio with Mister-Mister  
Along with that Basket Case  
I can't forget about my partners on that Face II Face  
What's up? So chill with that Southern funk  
I make you tear up your trunk, he-he, trouble funk  
I make you wonder where I got it from  
Cause deep in the jungle where the hunters rumble  
So chill with the Low and let me get to ya  
Cause me and Mr. Face came to groove ya

[ CHORUS sung ]  
If the music makes you move  
And you feel you wanna groove  
Groove on, groove on  
If you're feeling good inside  
And you wanna take a ride

Ride on, ride on

[ VERSE 2: 2 Low ]  
And let me roll as I come back to entertain ya  
Try to get the fame like my homie Dana Dana (Dana  
Dane with fame)  
Growin up it's gettin a little better  
Today I came home without detention or a letter  
Hell, no busta tried to pick a fight

And Face hit me up this track that is sooo tight (sho'  
right)

I had to share it with you to see if you can feel me  
And if you don't, hit the swisher and chill, gee

And then you see I make it funky

Somethin you can smoke to and chill back with your  
homies

So (if the music makes you move

And you feel you wanna groove

Groove on) As I keep goin, see

I'm the funky lil brotha and you know that I be flowin

And I be showin I can handle the mic

No need to pass it on because I go all night

So don't let nobody try to fool ya

About lil Lo with the Face gonna groove ya

[ CHORUS repeated ]

[ 'Sharay Jones' ]

So there you have it, funk fans

'The Groove'

Join us next week

Same funk time, same funk staton

I'm Sharay Jones

I love you and peace

Groove on

[ OUTRO sung, repeated ]

Everything is on the one
