Hold on tight to this
For this might be the last kiss for a while
And hope youâ€™ll understand
That leaving here was not part of the plan

And I still remember all the times we cried
And Iâ€™m sorry for the times I lied
And I love when you lay by my side
And then you kiss my head goodnight

Had to go I had to fly
Spread my wings up to the sky
But no matter what the day or time
Youâ€™ll always be that sweetheart boy of mine

And I will always be
Here for all those times you might need me
And all that weâ€™ve been through
You always made me smile when I was blue

And I still remember all the late night talks
And lazy days and moonlight walks
And that time we made a memory box and buried it at
night

Had to go I had to fly
Spread my wings up to the sky
But no matter what the day or time
Youâ€™ll always be that sweetheart boy of mine

And donâ€™t you cry for too long
And take a deep breath â€™cause I know you can move
on
And you will love and lose a thousand girls before you
meet the one
But now itâ€™s time for me to find myself and find
where I belong

So hold on tight to this
For this might be the last kiss for a while
And hope youâ€™ll understand

That leaving here was not part of the plan

And I still remember all the times we cried
And I'm sorry for the times I lied
And I love when you lay by my side
And then you kiss my head goodnight

Had to go I had to fly
Spread my wings up to the sky
But no matter what the day or time
You'll always be that sweetheart boy of mine
