Your Drowning me
Your pounding me
you gotta let me breathe
before i die
cant you hear me crying
cause im diein'

[chorus]
The waters too cold
my story hasnt been told
your too hard to hold
Stop letting me drown in my tears
because there my fears

I cant breathe
its too damn cold
you said i was too bold

baby thats you
Baby thats you
Im too afraid of you

[chorus]
The waters too cold
my story hasnt been told
your too hard to hold
Stop letting me drown in my tears
because there my fears

Im drowning
its too cold
i told you im not bold
Cant you help me
out of my fears
of my tears
