Tupac Shakur: And 2morrow
Sung By: Shock G
Today is filled with anger
Field with hidden hate (fueled with hidden hate)
Scared of being an outcast (scared of being an outcast)
Afraid of common fate (afraid of common fait)
Today is built on tragedies (today is built on tragedies)
Which no one wants to face (which no one wants to face + 2)
Nightmares to humanity (Nightmares to humanity)
And morally disgrace (And morally disgrace)
But tomorrow I c change
A chance to build anew
Tomorrow I c change
A chance to build anew
Today is filled with rage
Violence in the air
Children bred with ruthlessness
Because no one at home cares
Today I lay my head down (today I lay my head down)
But the pressure never stops (never stops)
Gnawing at my sanity (gnawing at my sanity)
Content when I am dropped (content when I am dropped)
But tomorrow I c change
Tomorrow I c change
But tomorrow (tomorrow I c change, a chance to build anew, built on spirit, An idea that's based on truth)
And tomorrow (I'll be strong, because of my pride, I fought with all my heart, to keep my dreams alive)
And tomorrow (Heyyyyyyyyyyyyyyyyy)
Tomorrow
Tomorrow (Eyyyy Tomorrowwwwwwwww)
(Tomorrowwwwwww)
