They finally did it (what's that? ) they stole the mic I  
grip  
Now that it's gone (what's wrong? ) Im feelin tired and  
sick  
(how did they do it? ) I don't know I wasn't sleepin that  
long  
When I woke up (what happened brother? )  
My microphone was gone  
At first I panicked (how? ) I put the cops on the case  
But they were stuck (damm? ) without a clue or a trace  
So sure as smokin cigarettes is bad for your health  
If I want my microphone back I'll find it myself  
So I picked up the phone (for what? )  
I called dizzy  
Dizzy: what's up?  
My mic is gone  
Dizzy: word?  
Lets get busy  
Before I could tell dizzy what I wanted to do  
He was over at my house with the tms crew  
He said  
Dizzy: word is out in every mouth  
In the street now that your mic is gone  
Its not long yill your beatand then it hit me (damm)  
I got a battle at six  
Without my microphone Im guaranteed to get whipped  
U might think it's unbelievable but word to the strenght  
When it comes to rockin rhymes Im a musical nymph  
They gave me other mics but yo it wasn't no use  
I tried to rock one two one two  
But I couldnt get loose I said forget it  
My microphone or not I gotta do it  
Give it all that I go (what if u loose? ) it be the first time I  
lost  
But if I beat em I'll finally prove Im the boss  
I grabbed my leather jacket walked through the streets  
Suckers was hopin and preyin strictly dope would get  
beat  
I begin to get hyped I was ready to fight  
Yo I was confident that I'd win  
To hell with the mic

I hopped up to the stage dizzy started the beat  
Suckers shivered cause he tasted defeat  
Then I signaled to dizzy bust a rhyme off my head  
Perpetrator fell back (huh? ) and then he was dead  
I was happy as hell cause I was lucky that nite  
Put my hand in my pocket and there was my mic  
The case of the misplaced mic  
Strictly dope in the house
