(Makaveli talking) x2

Don't go 2 sleep,  
You can get your cash on nigga if you peak,  
Other niggaz close there eyes seeing DREAMS in they  
sleep  
But don't fall 2 sleep

Quit staring at my like a infra-red nigga

(Verse 1: Makaveli)

Pictures of plenty  
Sippin my glass full of henny  
Hands on my semi -  
- Automatic kill for pennies  
Approach for contact  
Cause I'm live I multiply  
Soon as I open fire  
Niggaz die with open eyes  
Scared to take a nap  
It's a trap  
A long maze  
Dreaming of getting stacks  
Making scratch the wrong way  
What song says  
We murder mother fucker's daily  
Black out  
Blow the the track out  
My lyrics never fail me  
I inhale strong weed  
Then release the stress  
Deliver the bomb shit from the east to west  
Like Yay Yo  
Niggaz pull out  
When I say so  
Commence to poppin'  
Mother fuckers copy and fail  
Efficiently I release and flee  
The art of war living sucka free  
Get with me

Chorus: (Makaveli) x2

Don't go 2 sleep,  
You can get your cash on nigga if you peak,  
Other niggaz close there eyes seeing DREAMS in they  
sleep  
But don't fall 2 sleep

(Verse 2: Kurupt)

I envisioned my self  
In a pistol populated area  
In a distance and a width with a glock  
And about ten of the homeboyz on smash  
Get to smashin'  
First mother fucker moves  
Nigga we blastin'  
I'm a gangsta ass nigga  
D-P till the fool's bangin' on the white hoes beat they  
fuckin eyes closed  
In the midst with my eyes half open  
The homie with the scope and  
About fifteen others postin'  
Nigga  
The gangsta's run this mother fucker  
Constantly smokin' we murder everything in this bitch  
eyes wide open  
The homie pac says bray em'  
End of discussion  
He didn't save you for nothing  
Niggz started bustin'  
I'm a gangsta nigga  
Just remember nigga  
Don't sleep nigga  
Don't trip or tweak nigga

Chorus: (Makaveli) x2

Don't go 2 sleep,  
You can get your cash on nigga if you peak,  
Other niggaz close there eyes seeing DREAMS in they  
sleep  
But don't fall 2 sleep

(Verse 3: Daz Dillinger)

Animated of it all in juvenated my dawgs  
Fuckin' up these niggas for the wrong or right cause  
Breakin' laws  
Breakin' jaws

Just fuckin' all y'all  
Seeing is believing now its time to break down the wall  
Barricaded  
Faded  
Except for just one blast  
Let em' know don't fuck around wit Kurupt, Pac and Daz  
Created for gunshots to vacate the block  
After its all done nigga  
What do i got?  
Hoo bangin on niggas for more than 15 figures  
Put a hex on they ass  
And watch they ass die quicker  
Daz hit like a killa, make em all remember  
The deadly wrath, I can make they family shiver  
Control it and hold it down  
Won't renounce the crown  
Servin' and lay these mothafuckas down  
Drop the bomb  
Prepare for war  
Lets even the score  
Bringin it to you niggas like you can't afford

Chorus: (Makaveli repeated until the end)

Don't go 2 sleep,  
You can get your cash on nigga if you peak,  
Other niggaz close there eyes seeing DREAMS in they  
sleep  
But don't fall 2 sleep
