I don't wanna stop all my runnin' around
I don't want it soft I want it strong
just gimme one electric shock
gimme my amonia smell

how can you tell
the good from the bad
scratch my back
shake my pony tail

and I went down to the k-5
just to find what I was lookin' for
just gimme some kinda love

how can you tell
the good from the bad
scratch my back
shake my pony tail

wait another night king Tom
all by myself
I'm never alone
meet me at the darling
baby you will know the way I feel

how can you tell
the good from the bad
scratch my back
shake my pony tail
