I stay away, try not to call but  
Something keeps drawing me in  
Keep thinking back  
To what we had  
Will we ever have this time again  
So many changes  
It all feels so strange  
So cold

I guess this is for real  
That's why it feels like I'm frozen  
Winter in July  
There's no sun in the sky  
Just like ice, I'm fallen and broken  
Winter in July

I lie awake  
Counting seconds  
Of the clock to halt my tears  
In this crowd room  
I'm all alone  
I watch the door like you were here  
So many answers that I wanna know  
I'm so torn

I guess this is for real  
That's why it feels like I'm frozen  
Winter in July  
There's no sun in the sky  
Just like ice, I'm fallen and broken  
Winter in July

Hard to find the words to make it real  
To express the way you make me feel  
I could've sworn I said I didn't need you  
But now  
I finally woken up I realise  
I was really pushing you aside  
And you know I'm not half as strong as I made out

I guess this is for real

That's why it feels like I'm frozen  
Winter in July  
There's no sun in the sky  
Just like ice, I'm fallen and broken  
Winter in July

I know this is for real  
That's why it feels like I'm frozen  
Winter in July
