"Falling Again"

But, I keep seeing her face
Girl, I don't want to lose
In love's Imaginary race
I keep telling' myself
Don't wanna love her again
But, I keep falling for some reason
It's so hard to be a man
(chorus)
It's a reason unknown
But, not new to mankind
And not a man in this world

Has found a cure or a sign
This feeling won't let me live
Won't let me die with the pain
I'm so damn confused
Hope I'm not falling again
(bridge)
I'm thinking of you
but, I keep feeling her pain
Girl, I don't want to fall
For a blackheart again
(Repeat chorus)
(Ad lib fade)
