Tupac:

I lay awake tonite  
Because I wanna be with u  
If u were beside me I'd playfully kiss u  
Each time I see u the feeling gets stronger  
U sit with me closer we stare a lot longer  
Reach for my drink and for a second we touch  
Words r muttered I stutter  
Cause I want u taht much  
The situation is a no win  
Cause he's my best friend  
But now I'm guilty  
I'm fallin' for his girlfriend  
I know it's wrong but my heart is filled with purity  
I offer passion but he offers security  
It's like a trap that I'm sinkin' into  
I wake up sweaty when i'm thinkin' of u  
Then we make our contact  
And I can't hold back  
I try to shake it but the feeling comes right back  
What have i gotten into  
I feel possessed by u  
I have these thought at nite of undressin' u  
It's kinda obvious blind men might see  
But he doesn't so he keps on trustin me  
Leaves me alone with u when he's on vacation  
But how could he leave me with this temptation  
What do I do go or stay and play it smart  
It's gettin' rougher cause I suffer from a burnin' heart  
My burnin' heart

Ray:

Girl u r my one and only  
U r my angel and now u wanna leave me lonely  
What did I do baby did I treat u bad?  
My heart is broken and now u wanna make me sad  
I remember when this love affair first started  
We were so in love and now we are departed  
Girl I'll buy anything your heart desires  
I have to let u know baby your my fire  
Warm and wet each kiss I prolonged  
It's your sweet caress that makes life too strong  
Just being with u and see the two of us

Walking along the beach u know u r my peach  
So sweet and my love i surrender  
No need to pretend that u want it to end  
I'll neva let u go your foreva my girl  
U know why?

Cause girl u r my world  
My burnin' heart

Tupac:

Totally tongue tied every few seconds I keep watchin' u  
He's my best friend but I can't help clockin' u  
How could this be how could we both love u  
Now I'm trapped in this position and don't know whta to do

I could forget about u pretend taht we neva met  
But when I hear bout u i start to heavily sweat  
U give me looks to reinforce thoughts  
That r already there

So many times my eyes r caught up in a passanger stare

Play the role like u don't matter

He swears taht we hate eachotha

Your my addiction cause I fiend for u desperately  
Stand here fantasizing cause you're next to me

What can I do with this passion I feel

It's too hard to conceal so I know it's for real

Watched u so many times where every curve is

I think he reads my mind so I'm feelin nervous

I wanna tell u how i feel but that wouldn't help

I would only cause problems so I keep to myself

It drives me crazy to see u sittin' with him

A tear goes down my cheek because I see u kiss him

I know the words ya sayin' b4 they could be said

Hear the thoughts you're thinkin' b4 they come into your head

Wouldn't hurt the bratha for anything in this world

But damm I feel in love with his girl

My burnin' heart

Ray:

My heart is burnin' u know it's yearnin'

For your sweet caress

I lay in exstacy as u kiss and rub my chest

U know u love me why must u deny yourself?

What I could offer u yet u want somebody else

It's not taht girl well then girl what could it be

I hope I'm good for u cause girl you're good for me

Many nites I cried and tried to make this work

Then act a fool and croon the cruel like a jerk

Well I'm sorry baby i have to let u know

U r my life my strenght I refuse to let u go

U r so fruitful baby u light up my life

I close my eyes and dream that you'd become my wife

Day in and day out it's u I pray about  
Don't lock the door to your heart don't make me stay  
out  
I love u honey cause you're like a work of art  
You've got me on fire My burnin' heart  
Repeat first verse
