It's going out to all the females
That have to beat them motherfucker's in the head to
get off of them (ha ha)

(Verse One: Tupac)

Another shady mission
Tricks
Like watching pictures in hazy vision
Tonight is love making
Take you any place you wish
Today we satisfy
Yesterday was stolen kisses
Blind insanity perfect pictures of me and my family
Not understanding the destiny, that they planned for
me
If I have kids will I live to see 'em grow?
Though I don't know, I live the life of a thug nigga until
the day I go
More broken promises, a sacred bond broken
I know I'll die alone, but yet and still I'm hoping
Visions of prisons, maybe I'll be forgiven
I know its better in heaven cause being here ain't living
Close my eyes and see nothing but pain the world's
crazy
Still look for a queen to plant seeds and have babies
Maybe I'll be the one, or just maybe I'm lost
You'll never know being cautious
If you play your cards right.

(Chorus x2: Keon Bryce)

Play your cards right baby
(Ha ha)
(Play your cards right)
Play your cards right girl
(Take your time)
Take your time baby
(Be patient)
Just be patient babe
(Don't rush)
Don't you rush it girl

(You ain't got to do that baby)

(Verse Two: Ludacris)

It's not the hand that your dealt but how your playing
your cards
You got a brother feeling mellow like a Cuban cigar
Your truly a star, we'll take the days one at a time
I think we make the perfect pair because you my one of
a kind
I say we make a full house, live out the family dreams
No Joker's no Jack's just Kings and Queens
We should leave the clubs alone and take trips to
Islands
Give you all of my heart and flood your hand with
diamonds
No more living like a player, stop chasing the hoes
I'll never put you in the shuffle use my Ace in the holes
I live a life full of riches we got places to go
So no bluffing no rushing just taking it slow
Let your man do the hustling while you lay in the shade
I'll throw a deuce to the haters call the spade of spades
And let you know I'll never hurt you
Baby girl you make me hurry up and wait
And I know patients is a virtue
Ha ha
Play your cards right baby
(Tell 'em man)
You just might get this

Play your cards right baby
(Ha ha)
(Play your cards right)
Play your cards right girl
(Take your time)
Take your time baby
(Be patient)
Just be patient babe
(Don't rush)
Don't you rush it girl
Your the one
The only one
My only symphony
Baby I'm hoping that
You'll understand
And that you do believe
Darling special times your on my mind
Just hoping that you see
Baby that the thug in me
Is loving you
And this is meant to be

God I'll never leave you
Baby your the one
The only one
My only symphony
Baby I'm hoping that
You'll understand
And that you do believe
Darling special times your on my mind
Just hoping that you see
Baby that the thug in me
Is loving you
And this is meant to be
God I'll never leave you
Play your cards right baby
Play your cards right girl
(Play your cards right)
Take your time baby
(Play your cards right)
Just be patient babe
(Take your time)
Don't you rush it girl
Rush it girl
(Ha ha ha)
(Be patient)
Play your cards right baby
Play your cards right girl
(Play your cards right)
Take your time baby
(Play your cards right)
Just be patient babe

(Tupac and Ludacris talking)

I know how it is sometimes
(You know?)
Niggas be having a one track mind
straight up stone cold thugging
(It's ok we don't know, no better see)
Gotta slow down homie
(We learnt that)
Play your cards right
(Yeah, ha ha)
Especially a nigga like Kastro
Kastro is a straight guerrilla pimp
(My homeboy I-20's just like that)
And, uh, Yaki Kadafi straight guerrilla pimp
Just be taking it
(Play your cards right baby)
Straight guerrilla pimp's
(That J.O for you)
EDI Amin that nigga slowed down now

(Please slow down)
He use to be a super guerrilla pimp
(Disturbing The Peace baby, ha ha, we can take it slow
sometimes)
Yeah, yeah
(Woooo)
(Play your cards right)
Play your cards right
(Play your cards right girl)
