Chorus:

a black man, that not too many understand  
pyt, playa young thug, you need some lovin tlc  
I wanna get with you

[Smooth]

It's Saturday, time to play  
I gotta hit the street, I'm chillin out ok  
I gotta hit the spot lookin fl  
I wanna watch the O.G. thugs roll by  
Find a little lovin, not too much  
Just enough to wake them up  
Who do I see, a fool that wanna get with me  
Not in the mood, so I really dont wanna speak  
a black man, that not too many understand  
he has a plan, not to work for uncle sam  
a hood fanatic, a hoodlum mack  
in fact, the male version of a female mack  
he has money and everthing that comes with it  
pyt, playa young thug  
Just a tiny bit of what the ghettos made of  
gotta give love to the young thugs

Chorus: repeat 2X

a black man, that not too many understand  
pyt, playa young thug, you need some lovin tlc  
I wanna get with you

[2Pac]

look here  
Now tell me whos afraid of this young Thug  
look how we came up from the ghetto were we slung  
drugs  
america eats it's babies, it's crazy  
Will somebody save me from this sytematic slavery  
Got me in cuffs, I'm gettin ruffed up daily  
Send me to jail cause i rebel on what they tell me  
My life's hell, got the law tryin to capture me  
and then the courts and the whole force after me  
I'm hittin fences, my defenses, it was senseless  
its like the whole was against us

then they wonder why I'm cussin, bustin at the world  
dont trust em, me and my homies sayin fuck em  
Rollin in my 6-0 Impala, all about makin dollars  
sometimes it make me wanna holla  
but now its cool, and if im motivatin, baby make a move  
cause uh, thugs get lonley too  
and all i heard em say was...

Chorus: repeat 2X  
a black man, that not too many understand  
pyt, playa young thug, you need some lovin tlc  
I wanna get with you

[Smooth]  
a straight up menace  
and if he starts then he will finish to keep his image  
and i can tell, bye the way he bail, he was payed well  
talkin dinner, movies and the motel  
sexual, flexible, he gets freaky undercovers, so he's  
good to go  
i only know what i see in the hood is thugs  
so you know i gotta give them love

Chorus: repeat 2X  
a black man, that not too many understand  
pyt, playa young thug, you need some lovin tlc  
I wanna get with you

he got money and everthing that comes with it, pyt  
just a little part of what the ghettos made of  
gotta give love to the young thugs

Chorus: repeat 3X  
a black man, that not too many understand  
pyt, playa young thug, you need some lovin tlc  
I wanna get with you
