[Layzie Bone - reciting 'Power of a Smile' poem]

The power of a gun can kill, and the power of fire can burn

The power of wind can chill, and the power of mind can learn

The power of anger, can raise inside until it tears you apart

But the power of a smile, especially yours, can heal a frozen heart

[Krayzie Bone over poem]

And tomorrow, we'll wake up with the promise of a smile, smile

Yes, maybe tomorrow, we'll wake up with the promise, of a smile

[Wish Bone]

Rest in peace..

Tupac, Bone Thugs

In His Own Words

Let's go

[Wish Bone]

And tomorrow, morrow, morrow, and tomorrow, morrow

And tomorrow, morrow, and tomorrow we

[Hook - Krayzie Bone (Wish Bone)]

I see the light... (and tomorrow, morrow, morrow)

I can see the light... (and tomorrow, tomorrow)

I see the light... (and tomorrow we)

See the light that shines... (and tomorrow we)

[Krayzie Bone]

Well, we still looking for better days

Hoping tomorrow can bring us some bigger and better things

So we can escape this maze, and they give us our change in every way

And maybe tomorrow, can bring us the truth and there'll be no more use, for the pain and sorrow

Let's put it to use and then maybe the youth, can come and follow

And we can leave all our problems in the bottle, tomorrow

Maybe god'll wipe our eyes and we'll never have to cry no more

Or even better, have to die no more  
Politicians can't tell us lies no more, he decides no  
more  
Maybe tomorrow, it can be our daylight  
Just might be our sunshine, sunshine..  
Yesterday is filled with so much misery and drama  
And today it don't seem like I'm getting any further  
Praying tomorrow we can somehow come out of the  
struggle  
And need no more hustle, no stumblin cause we all one  
muscle..  
Still looking for a better day, day, and a better way,  
way, way..  
So let's hope tomorrow... can lead us to the place we  
tryin to be..  
In heavenly harmony, in heavenly harmony!

[Hook - 2X]

[Wish Bone]

Where there's a will there's a way, don't let it stand in  
your way  
Look 'em straight in they face, let 'em know you ain't  
playing no games  
We searching for better days, wanna live them better  
ways  
What I promise, heart is all you need to rock  
Be honest, succeed, just look at me!  
If I can do it, you can do it, we can do it, just believe,  
believe, believe!  
When I lay down, I think about some of the wrong  
things I done  
So I pray now, for God to erase some of that wrong  
Wipe my soul clean, to be wanted, when he calls me,  
when he calls me!  
So I can't sleep, cause I'm worried, I done did things,  
lord forgive me!  
It's a damn shame, the things we do to get it our way!  
Snitch on thugs, just to get it, your pay!  
Nowadays I act right, in the past we used to fight  
Where the loyalty at? Where them real street thugs?  
Where the thug life?  
Where there's a will there's a way!

[Hook - 2X]

[Layzie Bone]

So as the hours pass by, in the event of my demise  
Tell my momma not to cry, these are the words of the  
wise  
Look at liberty needing glasses now that the promise  
been broken  
For the better, keep on hopin, powerful words that's  
spoken  
What I'm quotin is a G, acquired his knowledge from

the streets  
Makaveli, Tupac Shakur, was the rose that grew from  
concrete  
America's most complete artist, regardless, one of the  
hardest  
On a mission to make it better, with the soul of Malcom  
and Martin  
Mixed with a little Garvin, today he got us callin  
Our brighter star is fallen, but now before he was ballin  
Out of control, quick to let a nigga know what he stood  
for, be a friend or foe  
And I bring the truth in the booth cause ain't nobody  
gon help me  
This is life, it's a gamble, and I'ma scramble till my  
pockets wealthy  
Fuck what they tell me, I'm all about my biz  
Bitch, street biz or showbiz, I'ma make y'all know this  
And I'ma say this to every man, woman and child  
Don't you ever be afraid to smile, smile for me now  
And I'ma say this to every man, woman and child  
Don't you ever be afraid to smile... the power of a  
smile!  
Bone, Bone, Bone, Bone, Bone, Bone-Bone-Bone-Bone!  
Bone-Bone-Bone-Bone!  
Bone, Bone, Bone, Bone, Bone, Bone-Bone-Bone-Bone!  
Bone-Bone-Bone-Bone!  
[Layzie Bone over hook - 2X]  
Bone, Bone, Bone, Bone, Bone  
Bone-Bone-Bone-Bone, Bone-Bone-Bone-Bone  
[Hook - 2X]
